SAVE PRESETS

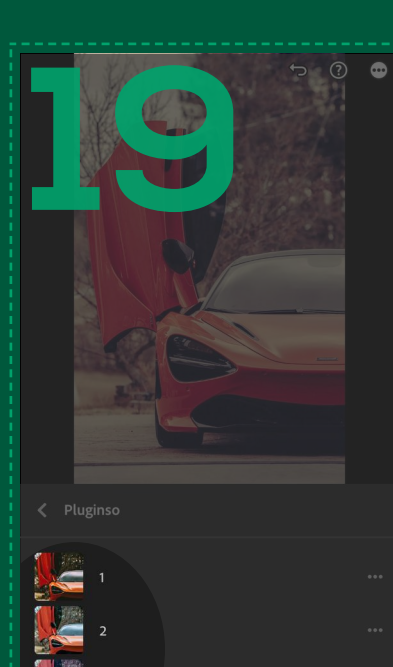

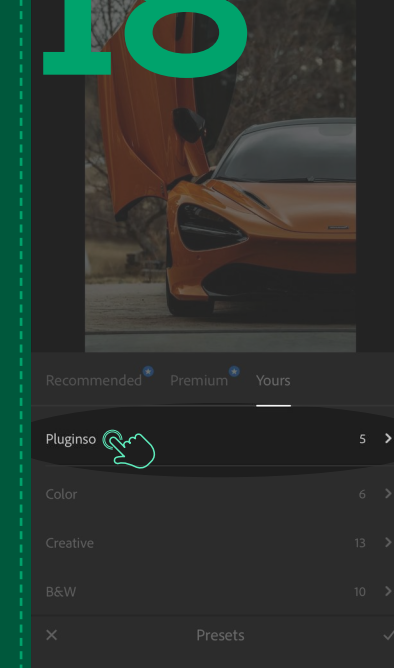

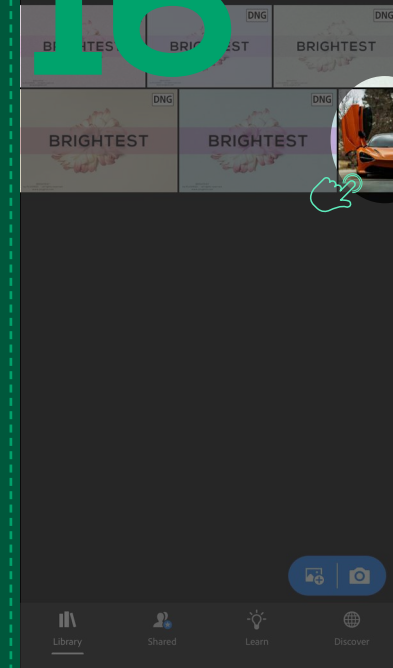

- 2.1. Open one of the preset.
- 2.2. Click 3 dots in the top right corner and select CREATE PRESET.
- 2.3. Create a New Preset Group (Folder) for your Presets Collection. So you can easily find your saved presets in the future.
- 2.4. All checkboxes under the SELECT should be left marked as they are, they do not need to be adjusted.
- 2.5. Repeat the same process with all the versions of presets, so you should save and try all the presets that come with the collection. They're all slightly different, but go well with each other and you will still have a cohesive feed.
